

COWLECTIVE SECOND TRANSNATIONAL PROJECT MANAGEMENT MEETING IN TORINO, ITALY

**Transnational
Project Meeting
March 1st and 2nd, 2022
Turin**

The COWLECTIVE project partners met in person for the second time, and we are delighted to share our experience.

On the second and third of March 2022, a two-day project management meeting was arranged. Our Italian partners from [LABC](#) in Torino kindly welcomed the consortium to the two days conference.

It has been a success to evaluate the current project achievements, strengthen the collaboration, and plan the future steps as a result of having the chance to work for two days in person.

At the business dinners that followed the productive discussions, each project member had the opportunity to appreciate Italian culture and cuisine.

In July 2022, the Greek partners - [DIAΣ](#), will have the privilege of organizing the next project management conference in Trikala.
